

Rise Pro Workstation

Rise Home Workstation

Stand-up workstations

Our range of stand-up workstations is perfect for use in small spaces at home, in offices, or in healthcare settings for nurses and carers.

FEATURES AT A GLANCE

- Pneumatic height adjustment to use when sitting down or standing up
- Suitable for all heights, stepless adjustment allows choice of exact height
- Extremely portable with four swivel castors and locking ability
- Built in screen-stand for devices on the Rise Pro model
- Rise Home model has a stylish matte black frame with walnut woodgrain top
- Rise Pro model has a matte silver frame and white moulded top
- Easy hygiene and infection control with both models

Rise Home Workstation

Rise Pro Workstation

- **Easy height adjustment:** pull the lever and apply slight downward or upward pressure to get the perfect height for sitting or standing
- **Cantilevered gas lift technology:** the unique cantilever design allows perfect dynamics for working while sitting or standing, bringing the table closer to the user while sitting
- **Mobile, nimble and versatile:** high-quality swivel castors allow the table to be moved easily. Front castors are locking.
- **High quality materials:** this table is made for the workplace, with high quality solid core MDF tabletop, lightweight aluminium column and strong steel base
- **Screen stand and cable management:** stand your phone or tablet at the perfect angle, and run the charging cable through a specially designed built-in channel

Rise Home Workstation

- **Easy height adjustment:** pull the lever and apply slight downward or upward pressure to get the perfect height for sitting or standing
- **Upright gas lift design:** the simple upright column gives the table a clean appearance and provides a sturdy work bench
- **Mobile, nimble and versatile:** high-quality swivel castors allow the table to be moved easily; front castors are locking
- **Stylish design for work, anywhere:** designed to look great at home and in the office, the table features a walnut woodgrain melamine covered MDF tabletop, supported by a sturdy matte black steel frame
- **Work how you want:** stepless adjustment means there are no preset heights to work from, making it easy to change positions throughout the day, allowing you to stay alert and focused
