ALIGN PLUS
MK II

**Breathable Wool Blend
Quilt Layer**

Unsurpassed for its natural breathability and temperature regulation, our wool is used generously in the mattress quilting for superior comfort and performance.

SensICE Fabric Cover

Hyper Soft Sheet Foam

Providing a softer sleep surface while you sleep, allowing you to remain comfortable for longer periods of time.

Premium Sheet Foam

Premium high-density comfort layer to improve support, responsiveness and durability.

Marathon Sheet Foam

Superior pressure relieving comfort while advanced energy-absorption to regulate body temperature.

Primary Insulator Layer

Helps bridge the gap between the above comfort layers and the pocket spring support layer and provide a consistent surface between the springs and the layers above.

3 Zone Pocket Spring

3 zone pocket spring system offers great level of support for your body wherever you need it most. Each zone assists in supporting a specific section of the body.

Foam Box Construction

Full foam encasement ensuring a firm perimeter support and aiding in the prevention of “roll-out.”

Luxury Sheet Foam

Providing an additional soft layer to your mattress, for extra support and durability with a longer lifespan.
