wondersheet® +PLUS  
when mobility matters

**Do you find it hard to get in and/or out of bed?  
Is turning over in bed difficult for you?**

Try the **Wonder Sheet® +PLUS**, a new addition to our collection. This unique style of fitted bed sheet can give those wanting the extra grip and stability a feeling of independence, while turning over in bed is so much easier!

**The 'original' Wonder Sheet® has been tweaked!**

**The Wonder Sheet® +PLUS** was designed for those wanting the additional stability and grip from the cotton/poly sheeting on the edge of the bed which can now give you the leverage to feel more independent.

Something I think we all deserve.
