

Breathable Wool Blend Quilt Layer

Unsurpassed for its natural breathability and temperature regulation, our wool is used generously in the mattress quilting for superior comfort and performance.

SensICE Fabric Cover

Hyper Soft Sheet Foam

Providing a softer sleep surface while you sleep, allowing you to remain comfortable for longer periods of time.

Super Soft Sheet Foam

Superior pressure relieving comfort while advanced energy-absorption to regulate body temperature.

Premium Sheet Foam

Premium high-density comfort layer to improve support, responsiveness and durability.

Primary Insulator Layer

Helps bridge the gap between the above comfort layers and the pocket spring support layer and provide a consistent surface between the springs and the layers above.

3 Zone Pocket Spring

3 zone pocket spring system offers great level of support for your body wherever you need it most. Each zone assists in supporting a specific section of the body.

Foam Box Construction

Full foam encasement ensuring a firm perimeter support and aiding in the prevention of "roll-out."

Luxury Sheet Foam

Providing an additional soft layer to your mattress, for extra support and durability with a longer lifespan.
