| BEA007657 | Wireless Chair Alertamat System (includes mat and alarm monitor) | 250 mm | 250 mm | 1 Year |

ALERTA DETECT INFRARED SYSTEM

Alarm Monitor - Wireless

Infrared Sensor

Infrared beam senses when a patient leaves their bed, alerting carers to minimise potential falls risk

Can also be used to allow the patient to move around their room freely, only alerting carers if they leave their room

Can be used as a standalone system (sensor & alarm monitor via infrared "IR") to create an alarm within the room or directly placed into nurse call system (sensor only)

Wireless plug and play ensures carer can quickly set up and operate with ease

System includes: Sensor & Alarm Monitor, Stereo & Mono Nurse Call Cables

Wireless solution that removes excess cables and provides a streamline falls prevention solution

Large sensor range of up to 95m ensures all types of room configurations are covered

Can be battery operated (sold separately) or via a mains power cable (optional accessory)

Alarm Monitor can be carried around in the homecare space by a carer, fitting neatly into the pocket

| Code | Description | Length | Width | Warranty |
|-----------|---|--------|--------|----------|
| BEA007610 | Alerta Detect Infrared System (includes sensor, alarm monitor & cables) | 760 mm | 250 mm | 1 Year |

ALERTAMAT CRASH MAT WITH WIRELESS NURSE CALL ALERT

Alarm Monitor - Wireless

Alerta Wireless Transmitter

Soft padded mat helps to minimize serious injury in the event of a fall from bed

Alerts carers if patient impacts with mat, whether due to an accidental fall or controlled exit of the bed

Wireless connect-and-play system

No cables, extra safe and versatile

95m wireless range from transmitter to receiver
Genuine non-slip base

System includes mat, transmitter, alarm monitor & cables

| Code | Description | Length | Width | Warranty |
|-----------|--|---------|--------|----------|
| BEA007580 | Alerta Crash Mat (includes mat, transmitter, alarm monitor & cables) | 1800 mm | 600 mm | 1 Year |

WIRELESS NURSE CALL BUTTON

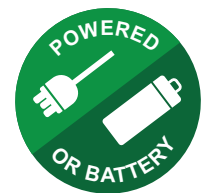

Provides the user with reassurance that help is at hand. With a large easy to press button it activates the alarm when a user presses the button. This alerts the caregiver to ascertain the user's need.

Connects to a nurse call system through the Alerta Alarm Monitor for centralised activation and comes with a lanyard, and a holder that can be wall mounted, so it can always be used remotely within the homecare environment.

Simple plug and play ensure carer can quickly set up and operate with ease.

High and low volume alert.
