

EVO 2.0

PILLOW RANGE by HLLP

Talay latex infused with gel particles & naturally antimicrobial range of pillows – available in (2) styles.

NATURAL LATEX

The Talalay process used in our EVO 2.0 gel-infused pillows is one of the most natural & clean processes. Nature approved.

COOLING GEL-INFUSED

Gel particles are infused with Talalay latex at the mixing stage, together with the pin-core design helps to prevent heat build-up.

HEAT DISSIPATING

Significantly reduces pressure points while the pin-core design improves air-flow, reducing heat build-up while you sleep.

NATURALLY ANTIMICROBIAL

100% Natural Latex. Naturally antimicrobial for dust mite resistance.
